LOCK UP

Composed and Conducted by **JOHN FLYNN**
Intrada Special Collection Volume 18

The 1989 film *Lock Up* features Sylvester Stallone as Frank Leone, a convict whose prison term is coming to an end. His was a minor crime and his prison, minimum security. But at the last minute, he's transferred to a hellish maximum security prison by the vengeful Warden Drumgoole (Donald Sutherland). Drumgoole was assigned to this hell-hole prison after Leone publicly humiliated Drumgoole's administration. Now Drumgoole seizes the opportunity for revenge.

For *Lock Up*, Bill Conti unleashes one of the mightiest action cues of his career with a dynamic orchestral set piece for the violent good-cons vs. bad-cons football game. In balance are haunting melodic pieces for Stallone's loneliness and aggressive action cues for the suspenseful escape sequences. This Intrada Special Collection CD presents the complete score mixed directly from the original multi-track session masters.
